AOGIN INDIA NATIONAL CONFERENCE 2026

"Translating Evidence into Practice"

18–20 September 2026 | Nila Auditorium, Govt. Medical College, Kozhikode, Kerala

Dear Colleagues,

It gives us immense pleasure to invite you to AOGIN India National Conference 2026, to be held in the historic and vibrant city of Kozhikode, Kerala.

This year's conference brings together leading national and international experts, clinicians, trainees and healthcare professionals for three days of scientific learning, practical skills, meaningful dialogue and collaboration.

With a special focus on HPV vaccination, cervical cancer screening and prevention, lower genital tract disease, cytology, colposcopy and emerging strategies in women's cancer prevention, the scientific programme is designed to translate the latest evidence into everyday clinical practice.

The conference will feature focused pre-congress workshops, keynote and grand lectures, expert panels, case-based discussions, hands-on learning, free paper and poster presentations, and dedicated PG and MCh quiz competitions. [Aogin 2026 Brochure.pdf](#)

We warmly welcome you to Kozhikode to learn, share, connect and be part of our collective journey towards prevention and elimination of cervical cancer and better women's health.

Come, be a part of AOGIN India 2026

where evidence meets practice, and collaboration creates impact.

With warm regards,

Dr. Jyothi R Chandran
Organising Chairperson

Dr. Jeena Baburaj
Organising Secretary

Dr. Ajitha PN
Organising Chairperson

Dr. Deepak Bose
Organising Secretary

Kozhikode welcomes you to an academic gathering focused on cervical cancer prevention, HPV vaccination, lower genital tract disease, cytology, colposcopy, vulvar disease and prevention strategies in women's cancers.

Why Attend?

- A dedicated pre-congress day with five focused workshops designed for clinicians, trainees, cytology professionals, nurses and healthcare personnel
- National and international perspectives on HPV vaccination rollout, screening implementation and cervical cancer elimination
- Case-based discussions, panels, hands-on training, cytology slide reading, colposcopy skills and real-world algorithm building
- Free paper and poster presentations, plus separate quiz competitions for PG and MCh residents with attractive prizes

Scientific Programme Highlights

SEPT
2026

18 | 19 | 20

Key themes and Featured sessions

- Dr Sankaranarayanan Oration.
- Grand lectures by national and international faculty on HPV, screening, prevention and global lower genital tract disease perspectives.
- National symposium and expert panel on India's HPV vaccination rollout - the first report card.
- Experiences in cervical cancer prevention shared by experts from different regions of India and from other countries.
- Emerging frontiers in lower genital tract disease prevention, including cervicovaginal microbiome, VAIN, vulvar premalignancy and benign - to - premalignant vulvar disease strategies.
- Colposcopy in 2026 - translating findings into evidence-based management.
- Cervical precancer screening and management, including CIN2+ and the ablation dilemma, HPV assay selection and screen-treat versus triage strategies.
- Clinical challenges in cervicovaginal infections and precancers, including coinfections, vaginal probiotics and symptom-based case discussions.
- Innovation and precision prevention in women's cancers, including circulating tumour DNA, AI in prevention, HPV-independent cervical cancer and therapeutic HPV vaccines.
- Prevention strategies and risk reduction in gynecologic neoplasia, including ovarian cancer genetics, RRSO, endometrial hyperplasia and hereditary cancer surveillance.
- Global guidance, local action - implementation of updated WHO recommendations.
- Case-based learning in trophoblastic disease and women's health, NSSTD session, quiz finals, awards and valedictory.

For PG and MCh residents

Free paper presentations and poster presentations

Separate PG and Superspeciality/MCh quiz competitions

Attractive prizes, academic visibility and an opportunity to interact with leaders in the field
